info@gisci.org

About the Program

WHO IS A CANDIDATE?

You are eligible if you have graduated within the past six months, do not plan to immediately enroll in another degree program, and have less than one year of professional experience in the geospatial field.

WHY BECOME A GISP-E?

Stand out as an Emerging GIS Professional. You'll earn recognition early in your career and can use the title "GISP-E" to highlight your commitment to the field.

ABOUT THE PREGISP EXAM

The exam is software agnostic and is built on the knowledge you've gained in school. It doesn't rely on any one software and is built on widely respected geospatial education standards used in U.S. GIS&T programs.
