Tested GISPs per Country

USA.....	427
Canada.....	33
Trinidad & Tobago.....	2
United Kingdom.....	2
Afganistan.....	1
Colombia.....	1
Hong Kong.....	1
Malaysia.....	1
South Korea.....	1

While the GISP certification program began in 2003, the exam portion of the certification has only been in effect since 2015. With almost 10,000 certifications awarded worldwide, less than 5% of these professionals have proven themselves with the Geospatial Core Technical Knowledge Exam.
