

News Release: For Immediate Distribution

GISCI Releases Practice Exam

Des Plaines, IL (August 3, 2017)

In response to great demand, GISCI has produced its first Practice Exam, designed to provide 50 sample questions based on most of the KSAs listed in our Exam Blueprint. This is intended to aid those preparing to take the exam by giving an individual an opportunity to determine her/his knowledge of the areas tested.

The practice exam is available for download here:

https://www.gisci.org/Portals/0/PDF's/Practice%20Exam%201%20Mod%207_31_17.pdf

We hope that this will be the first of several practice exams we and others in the geospatial community will be able to provide to assist exam candidates in adequately preparing to sit for the Geospatial Core Technical Knowledge ExamR.

About GISCI

The GIS Certification Institute (GISCI) is a tax-exempt, not-for-profit organization, established in 2004 to manage and operate the GISP Certification, the most wide-ranging professional certification program for the GIS Profession, and to promote ethical conduct among GISPs. GISCI has certified over 8,000 GISPs, worldwide, and the GISP is increasingly viewed as a preferred certification in job descriptions.

Its member organizations include the Association of American Geographers (AAG), Geospatial Information & Technology Association (GITA), National States Geographic Information Council (NSGIC), the University Consortium for Geographic Information Science (UCGIS), Urban and Regional Information Systems Association (URISA), and the Geographic Land and Information Society (GLIS).
